Houston's Global Calling
Global Visions Ministries

Global Visions Ministries derived its name from many divine encounters the Lord manifested through dream like visions or trances. This global vision occurred over a period of several weeks during a seeking time many years ago. Like Peter's trance in Acts 10:10-12 when he saw heaven open and a great sheet filled with animals dropped down. I was hungry for God and pressing in for His abiding presence and I was caught up into heavenly encounters and looked at the earth through His eyes.

Whether I was translocated, which means physically present in heaven, or translated, spiritually present, I do not know. But what I saw with my spiritual eyes was the earth as it would appear from heaven; as it looked like the blue planet we're so familiar with through photos from space exploration. Suddenly, the land and water became more definitive where I could tell the continents by their various shapes and sizes.

He caught me up in the heavens and spoke to me about His Kingdom coming on earth as it is in Heaven and how every nation, kindred, tribe and tongue will see the knowledge of the glory of the Lord cover the whole earth as the waters covers the globe. This vision is also why we chose the scripture for Global Visions Ministries, Daniel 4:3, "How great are His signs, And how mighty His wonders! His kingdom is an everlasting kingdom, And His dominion is from generation to generation."

How God communed with my spirit was through impressions, His still small voice and panoramic visions. He spoke in broad terms with wisdom as He prophetically described political, governmental, economical and historical providential encounters with mankind. Every movement, action and plan was wonderfully orchestrated for man's redemption to His son Jesus Christ of Nazareth.

During one of these divine encounters, while seeing the globe from His perspective, the globe flattened out like a map. I clearly saw the continents...North and South America, Africa, Asia, Australia, Europe, Arctic and Antarctica. As I was peering at this vision of a flat map, three animals appeared in front of the map. An eagle, a lion and a bear. Then the Lord told me to focus on North, Central and South America which I did. He then said to turn my head sideways

still looking at these continents.

Suddenly, the left wing of the eagle was covering all of North America and the eagle's right wing was covering South America with the eagle's body directly centered over Houston, Texas, USA. My vision then shifted to the lion whose body was standing in Africa with his right paw touching the Middle East. The Bear was standing on his two paws over an expansive land mass covering Europe, Asia and Russia.

What did the globe and the three animals mean? What was the significance of the Eagle, Lion and Bear and their geopolitical positions? He knew my thoughts and answered immediately. The three animals represent three divine cities which I've chosen for mobilization centers for the prophesied global end-time harvest and revival. Every town, village, city and region has its true purpose for My manifest destiny. But these three cities have been specifically raised up and built for My kingdom purpose as global hubs of My glory where signs, miracles, wonders and wealth transference will manifest for the whole world to see. Apostolic teams will be trained up and sent out to the nations. And teams from around the world will send their spiritual teams to these mobilization cities to be activated and imparted and bring back to their respective nations.

The eagle is representative of My leader in freedom and is strategically positioned over Houston, Texas, USA and its measure of rule is North, Central and South America. Houston is known for NASA, National Aeronautic Space Administration, which is a forerunner of space exploration; Is the energy capital of the world with more energy corporate headquarters located in Houston; has the largest medical center in the world and also the largest port groupings in the United States. With over 120 nationalities residing in Houston, second to New York city for the number of ethnic groups represented. Houston is passing the test as a refugee city as Hurricane Katrina survivors are being received with open and gracious arms. This is the beginning of the great Global Harvest and Revival through this land called Houston. It is centrally located between the two major continents of North and South America. This city called Houston has a pioneering, forerunning, interdependent spirit with a healing calling to the nations said the Lord Most High to me.

The Lion is representative of a regal bold lion and was recently revealed to be in Lagos, Nigeria, Africa. Lagos' measure of rule, or metron, is Africa and the Middle East. The Bear is my destroyer of evil and is located in a city somewhere in Europe, Asia or Russia.

God chose three cities, as the number three is representative of the Trinity, with the Father, Son and Holy Spirit and mankind with body, soul and spirit. 1 Cor 15:46 "However, the spiritual is not first, but the natural, and afterward the spiritual." These three cities have been divinely prepared for a time such as this where the natural meets the supernatural to globally mobilize and transform the earth into its manifest destiny where we will truly see the Kingdom come on Earth as it is in Heaven!
