

Greetings from our family to yours,

Are you sick and tired of being sick and tired? We have expanded our ministry to include health because it's time to get healthy and live a full and abundant life.

Victoria's health testimony...In 1994 I had chronic a sinus infection. I took 3 rounds of antibiotics yet I was still sick. I could only go to work, come home and go to bed; no social life. I had a couple of friends recommend I try Barley Life. I slowly changed my diet; I began juicing, taking Barley Life and Herbal Fiberblend. It took only a week to start noticing a difference in how I felt. I had energy and started feeling good again. I have only had to take antibiotics once since then and I rarely get sick; no more sinus infections for me.

Karl's health testimony...When we first met in January 2001, I was a big, husky guy 6'2' weighing 240 pounds. I saw the results in Victoria's life and in March 2001 started taking Barley Life, Fiber Blend, salads, fruit smoothies, fresh vegetable juice and some cooked foods. It was a process to give up the standard American diet and incorporating a natural and healthier eating lifestyle, however, God gave me the grace to do so. I cannot deny the truth as the results speak for themselves. I have lost 40 pounds since March 2001 and I feel tremendous!

We are not only to take care of our soul's mind, will, emotions and our spirit but also our bodies as well too. Jesus came that they might have life, and that they might have it more abundantly (John 10:10). We all have a call, a commission, and an assignment from God that the Holy Spirit will help us to fulfill in our lives. However, if we violate natural dietary laws we become sluggish, have low energy and quite possibly could develop degenerative diseases which could take us out of commission before our time.

A full and abundant life is one predominated with energy, vitality, disease free and operating with power and authority. Genesis 6:3 say "Then the Lord said, My Spirit shall not forever dwell and strive with man, for he also is flesh; but his days shall yet be 120 years." This is a conditional promise that if we take care of our souls by putting his Word into us, our spirit by praying in Spirit and in Truth. And, if we take care of our bodies with exercise and what we put into it, then God promises to bless us with an abundant and full life of financial prosperity and excellent health.

If you are interested in living a healthier lifestyle, feel free to e mail us @ Karl@GlobalVisionsMinistries.org , call us or there is information at the bottom of the page to get started NOW! You will have more energy and start feeling great; so you can fulfill your 100 fold destiny that God has called you to!

We would love to hear from you. So, be healthy and be encouraged!
